WHILE LISTENING

6  **Strategy** Underline the habitats you can find in the song and repeat them outloud.

Animal Playground

Every animal has their own habitat,
A place where they eat, sleep and play.
The dolphins in the sea swim fast, fast, fast,
They love to eat fish from all around,
The dolphins in the sea can dive, dive well.
The sea is their playground,
The rabbits in the woods can hop, hop, hop,
They love to eat carrots from all around,

The rabbits in the woods can run, run quickly,
The woods are their playground.
The eagles in the sky can fly, fly, fly,
They eat small animals from all around,
The eagles in the sky can fly, fly high,
The sky is their playground.

7  Listen again and identify the animals and the actions they do. Discuss with your classmate.

- Who loves to eat carrots from all around?
- Who can fly and eat small animals?
- Who can dive well?

Student's book - Page 80

11 In pairs, create full sentences using the expressions in the chart. Check with your teacher.

Example: *My mother cooks very well, birds sing beautifully, etc.*

RUN FAST	SING BEAUTIFULLY	
work hard	eat slowly	text quickly
play a sport very well	dance badly	eat noisily
